

# CREATIVECON

SUCCESS BEYOND THE  
CLASSROOM IS  
MAKING A SPLASH  
WITH CREATIVECON!

**When: November 29 & 30, 2016**

**Where: Science Museum of Minnesota**

## SNEAK PEEK:

**Poetry & Spoken Word**—Award winning author, Ed Bok Lee will captivate and inspire students as a poet, playwright, and storyteller.

**Cell Lab (SMM)**—Explore the mysteries of the human body and microbes armed with a microscope and expert guidance of museum staff.

**Beatboxing**—Terrell Woods, known as a “human beatboxer,” shares his love for “the fifth element” of hip-hop that is all about vocal percussion.

**Political Cartooning**—What better time than 2016 to study the art of political cartooning with artist Harvey Pulver who is dedicated to speaking his mind about things that matter.

**Sci Fi Science (SMM)**—Enter the world of science fiction science in a session focusing on holograms.

**Coral Reef Collective**—Meld sculpture and science to create a model of a coral reef and grasp the importance of the reef to the environment.

**Zumba**—Try out this dynamic dance form that combines great rhythms from multiple cultures around the globe.

**Renewable Energy**—Build circuits for solar panels and determine the pros and cons of renewable energy.

SBC's newly configured CreativeCon is an event for 6th through 8th graders.

Students will expand and apply critical thinking, engage in creative and alternative problem solving, and take part in conversations on where and how creativity, arts, and STEM meet. Students attend three interactive breakout sessions and will have time to explore the Science Museum.
