

Creativity Festival

January 10, 11, and 12, 2017

The U of MN, Ted Mann Concert Hall

For grades 3-5

94% of students gave the Creativity Festival a 4 or 5, out of 5.

97% of students that attended want to come back next year.

Students said,

- Creativity means to have something pop up in your brain!
- Creativity is to be yourself and show your talents.
- Creativity is thinking outside the box and trying new things.
- Creativity is not doing the same thing as others and inventing.

Teachers said,

- All the sessions I attended today were outstanding! I was in absolute awe. The presenters were great! Kids were very interested in the topics.
- It extends beyond classroom curriculum and taps into interests that students might not otherwise have exposure to. The instructors are inspiring!
