 612-638-1536

**Dates**

November 14, 15, & 16, 2017

**Location**

Science Museum of Minnesota, St. Paul

**What is the CreativeCon?**

Students in grades 5, 6, 7, and 8 attend three hands-on sessions and learn the importance of flexible thinking, risk-taking, communication and self-expression. Past session topics included engineering, squid dissection, logo design and songwriting.

**The day at CreativeCon**

During their day of attendance, students take part in three interactive breakout sessions and have the opportunity to explore the Science Museum in chaperoned groups. Your school or district will receive a variety of tickets to the 10+ sessions. We encourage giving students some choice about which sessions they will attend at the CreativeCon.

Assure students that it will be easy to navigate to individual sessions they will attend.

Students extract honey from bee-less honeycombs using a centrifuge

Chaperones, teachers, SBC staff and SBC's red-shirt volunteer crew are on hand to assist students with directions and questions during their day at CreativeCon.

**What to bring**

- One chaperone per ten students required.
- Bag lunches and beverages for every student and chaperone.
- Pen or pencil and a notebook.
- Nametags for all students and chaperones.
